

Subject: Research into Recreational Boat Users and Dolphin conservation.

From: Alejandra Vergara-Pena [a.vergara-pena@bangor.ac.uk]

Message: My name is Alejandra Vergara-Peña. I am a PhD student at Bangor University. With my research, I am seeking to evaluate and describe the marine recreational use of Cardigan Bay in West Wales, to establish user needs and behaviour, to integrate them into bottlenose dolphin conservation.

Therefore, I am conducting some questionnaires to recreational users in Cardigan Bay, including paddle crafts, jet skis and boats.

I was wondering if you could please help me circulating this link to the questionnaire? I really need to reach as many people as possible, and I believe with your help sharing it with your members and colleagues, I could be benefited.
