

Once you get into Staverton you need to get onto Manor Road at the back of the village.

Once you have gone past the telephone box on your left there is a sharp bend 50 yards further up to the left, if you find yourself on Croft Lane with the village hall on your right you have gone too far!

Once you have driven past a few houses on your right, Manor Road then bends 90 degrees to the right and, straight away, you should see some black gates straight ahead of you.

As you get closer you should see "Staverton Hall" on a plaque on the left hand post. On the right hand side there is a buzzer, please press this and we will open the gates.
