

## **'Mixed media, using collage creatively' an inspiring one day workshop.**

Enjoy discovering new skills this spring in a small and friendly group in the creative setting of 'Designer Makers 21' in Diss. Suitable for beginners or more experienced artists.

In this workshop we will look at the ways that collage has been used by many artists. We will explore various means and techniques to work with collage papers, discovering how to use them effectively in paintings to create distinctive compositions. Tuition is by guided exercises and free experiment to explore your own creativity and approach.

You will be able to complete paintings of your own using the techniques we practise. Please bring along with you some papers suitable for collaging; also drawings, photographs or personal object or objects that you might like to work from.

**Friday 13th April 2018                      10am - 4pm**
