

BIMONTHLY COMPETITIONS

RULES

1. There are three categories of entry: Introductory, Intermediate and Advanced.
Discuss your category with the Competition Secretary if you are unsure of your Category..
2. An entry consists of up to three images, judged individually.
3. No image can be used more than once in Bimonthlies.
4. **Definition – Digital Images**
This definition only applies to PCPC competitions.
Digital Manipulation is allowed in this competition.
Please see **General Guidelines** for definitions.
5. **Preparation of Digital Entries**
Digital files should be in the form of JPEGs and be no more than 1600 pixels wide and 1200 pixels high.
6. The format of entries requested is:
 - a) Place images into a folder bearing your name, e.g. Jim Smith.
 - b) Number and Name the images
 - 1 First Title
 - 2 Second Title
 - 3 Third Title
 - c) Note the space between number and title and also the spaces between words of the title.
 - d) The reason for having spaces between words in the title is because we have the option to display the title briefly when the image is projected. The title should therefore be as you would like it to appear on screen, with capitalisation as desired.
 - e) Once you have saved the images to CD please check that the disc can be 'read' by your computer. This request is to minimise any problems that might occur when the images are processed into the software on the club's laptop
7. Note that for each bimonthly entered you will be submitting a folder with the same name (your name.)
8. If you choose to use the same CD for submission of entries to more than one Bimonthly you should therefore create a folder such as 'First Bimonthly 2012-2013', and place the folder with your name inside this folder. You may then have submissions in folders you create for 'Second Bimonthly 2012-2013' and 'Third Bimonthly 2012-2013' and perhaps for other competitions.
