The Artist : Tereza Buskova

Tereza Buskova's fantastical and provocative burlesque-themed work is decadently theatrical; she is definitely one to watch in 2008 and beyond.

Buskova graduated this year with an MA in printmaking from the Royal College of Art and has already exhibited internationally in the UK, Czechoslovakia and Japan. Her work combines photography, performance, film and screen printing to conjure up a truly enigmatic world.

Buskova's style is fresh and individual and her influences are rooted in rich Eastern European cultural traditions. Inspired by her Czech origins, her work is steeped in Bohemian symbols and myths.
