5. What ONE thing from the day will you definitely want to share with friends and / or family?

It's hard to pick just ONE thing...I really enjoyed the personalized itinerary Andy prepared to accommodate what I wanted to experience in this tour, specifically to get better use out of my camera and way from just using a camera phone or automatic settings on my DSLR. Having a personalized tour, rather than a standard "take it or leave it" tour, really made this experience all the better. I got to see parts of the Cotswolds I hadn't seen before, learned a bit of its local history, and received amazing instruction on the use of my DSLR camera and the adjustment of its settings. I don't think that tourists think about doing this type of activity, but it truly is a great experience and unique way to see the Cotswolds, explore areas off the beaten path, and with someone who is knowledgeable of the area. In short, I would share with my friends and family how this experience helped me gain more confidence in my photography skills and done so in a fun, unique and very personalized and professional way. I will definitely do this again when I'm back in England!
