

## Hagley Camera Club @ Kinver Fayre 2017

Camera Clubs vary like a good or bad cheese. HCC (based in Wordsley) are relatively mellow, don't smell too much and not entirely serious, but we do try and provide an interesting and sociable environment for anyone that shares our interests, irrespective of their level of experience or knowledge.

Let's see how much you already know about photography – if a lot then please contemplate joining us and giving us some of the help that we obviously need.

If not so much then consider how your photography *might* improve if you were to learn and practice a few new techniques.

Here are a few answers, with the questions to follow;

Histogram	Exposure	Placement	Shed!
Composition	Smaller Aperture	Headroom	Reciprocity
Enville Ale	Larger Aperture	Positive Exposure Compensation	
Slower Shutter	Idiot-beep	Viewpoint	Nautilus
Neutral Density Filter	Rule of thirds	Light Meter	Talk-Space
