## Chairman's Welcome

On behalf of the Amphill & District Camera Club members, I am pleased to welcome you to our virtual exhibition. You will find how to enter the “gallery” on the [next page](#)

The current circumstances have meant that all the work behind the exhibition has been done by individuals working from home. A vastly different experience to a physical exhibition where all members work together to put the images on display.

I am sure that you will enjoy viewing the wonderful variety of images and appreciate the skill and enthusiasm required to achieve such results.

We hope that you become involved in the event and vote for your favourite image- just email the 4 digit reference (which precedes the image title) to: [compsec@amthilldcc.com](mailto:compsec@amthilldcc.com)

Preparing for an exhibition like this takes a huge amount of time and organisation and I would like to extend a special thank you to our Competition Secretary, David Hallworth who has worked so hard to make the Exhibition a success. I also want to thank all the members of the club who submitted such wonderful and imaginative photographs for us to include.

I also thank our judge Ben Pike who worked remotely with all the images to decide on the awards that are portrayed in this catalogue.

We usually meet on Thursday evenings from September to June and whether you are a casual beginner looking to develop your skills or a professional photographer, we welcome new members to join us. We are currently working through internet meetings and have a varied programme of events.

If you would like more information about the images, or the club, or would like to try out one of our sessions, please contact us at [compsec@amthilldcc.com](mailto:compsec@amthilldcc.com)

We hope you enjoy the images on display and that it inspires you to take your own images.

Paul Wilson  
Chairman  
Amphill & District Camera Club

## HOW TO ENTER THE EXHIBITION GALLERY

Before entering the Exhibition Gallery please do spend a little time perusing this interactive catalogue.

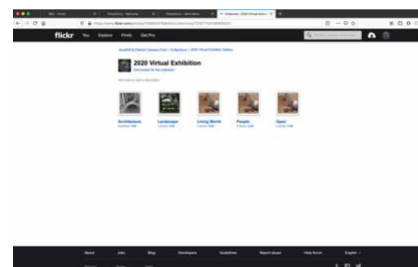

You will find comprehensive lists of the images, their authors and awards sorted in different ways. For example you can look up all the entries by an individual member by clicking on their first name in the alphabetical list of exhibitors. Please refer back to the [Contents](#) page for more information.

Our Exhibition can be found on the Club's Flickr page.

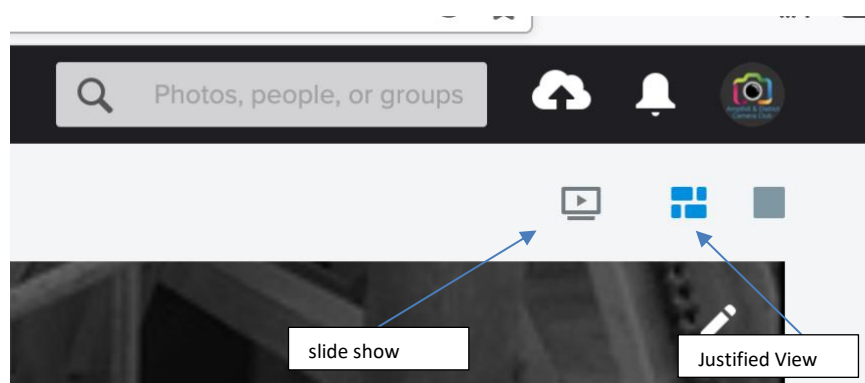

**Just click the image below to enter**

*This is the first screen the link above will take you to*

*Clicking on the first collection brings you here. Now click on an album to view*

*There are 3 viewing options. We suggest that for the best experience you use the Justified view, click on the first image and then scroll manually*

Please do let us know which is your favourite image. You can select from them all so don't necessarily be influenced by those which received awards or commendations.

Just email the 4 digit reference (which precedes the image title) to: [compsec@amphilldcc.com](mailto:compsec@amphilldcc.com)

Thank you for viewing our exhibition and please feel free to forward this catalogue to your friends so they too can view.

Enjoy!
