

# FRAMING COURSES

UK School of Framing is visiting Southport in January 2019 with our Art and Photography Framing Weekend course. I thought Copeland Photographic Society members might be interested and hope you don't mind me emailing you.

The course includes specialist information based around:

- mounting work for direct sales;
- how to prepare work for competition;
- adding a bit of extra "drama" through framing to make your work stand out from the rest; specialised materials available;
- tools needed for mount cutting.

There will be 2 full days of practical workshops. On Day 1: Basics of Framing, you will be taken through the whole process of designing, planning and making a frame for one of your own pictures. On Day 2: Mount Cutting and Decoration, you will produce a portfolio of mounted artwork demonstrating different cutting and mounting techniques.

Dates: Saturday and Sunday, 12th & 13th January 2019 Prices: Full weekend £275 or £150 for individual days

Venue: Southport Community Centre, Norwood Road, Southport. PR8 6H.

We are also visiting Penrith on 16th and 17th March, our Early Bird discount is available for this weekend until 16th January.

UK School of Framing trainer Nick Caldwell came to All About Framing through his passion for art and to learn to frame his own work. He is successfully running a framing business and is a Guild Certified Framer with the Fine Arts Trade Guild. Nick's tutoring combined with our training programme means you too can meet high standards in framing. Nick promotes artists and photographers in his local area of Warrington.

For further information including reserving a place please email me, see our website [shop.diyframing.com](http://shop.diyframing.com) or call on (01494) 459 545.

With kind regards,

Caroline Bowen
