

West Hendred Ford

A collection of Maps

Summary of the Information

- The following slides show a series of five maps that have been collated by Dan Bashford
 - 1606 map, this shows the Ford clearly
 - 1841 tithe map, here the Ford is not immediately apparent but given the purpose of this map then it would not be relevant. However there is a widening of the brook on the west side of the road.
 - Three OS maps: 1877, 1899, 1912—they all show that there is an ‘unnatural’ extension to Ginge Brook on the west of the bridge.
